

Daily Geography

Grade 5 – Week 1

Write complete sentences.

1. What are the names of the four hemispheres of the Earth? In which two do you live?
2. What does a star or a dot in a circle usually mean on a map?
3. Which of the following is not a city: Columbus, Pennsylvania, Atlanta, or Charleston?
4. What is the name given to a point of land extending into a body of water?
5. What is the name of the imaginary line that divides the Earth into the Northern and Southern Hemispheres?
6. Is the Tropic of Capricorn north or south of the equator?
7. What is the southernmost point in the world called?
8. Name the five oceans of the Earth.

Daily Geography

Grade 5 – Week 1

Write complete sentences.

1. What are the names of the four hemispheres of the Earth? In which two do you live?
2. What does a star or a dot in a circle usually mean on a map?
3. Which of the following is not a city: Columbus, Pennsylvania, Atlanta, or Charleston?
4. What is the name given to a point of land extending into a body of water?
5. What is the name of the imaginary line that divides the Earth into the Northern and Southern Hemispheres?
6. Is the Tropic of Capricorn north or south of the equator?
7. What is the southernmost point in the world called?
8. Name the four oceans of the Earth.

Daily Geography

Grade 5 – Week 2

Write complete sentences.

1. What is the definition of a *peninsula*? Find an example of a peninsula on a map.
2. What does a star on a map usually mean?
3. Which of the following is not a state: Kansas, Iowa, Washington, D.C., or Oregon?
4. Is the Antarctic Circle north of south of the equator?
5. What part of a map contains information on what the map's symbols mean?
6. What is a continent? What are the names of the continents on the Earth?
7. Which ocean is the second largest in the world?
8. Which hemisphere is south of where you live?

Daily Geography

Grade 5 – Week 2

Write complete sentences.

1. What is the definition of a *peninsula*? Find an example of a peninsula on a map.
2. What does a star on a map usually mean?
3. Which of the following is not a state: Kansas, Iowa, Washington, D.C., or Oregon?
4. Is the Antarctic Circle north of south of the equator?
5. What part of a map contains information on what the map's symbols mean?
6. What is a continent? What are the names of the continents on the Earth?
7. Which ocean is the second largest in the world?
8. Which hemisphere is south of where you live?

Daily Geography

Grade 5 – Week 3

Write complete sentences.

1. Locate the Gulf of Mexico on your map. Now write a definition of *gulf*.
2. Find an example of an area of land that is completely surrounded by water. What term is used to describe this type of land?
3. How many states are there in the United States?
4. What bodies of water connect Lake Ontario to the Atlantic Ocean?
5. What is a coast?
6. Including Louisiana and Minnesota there are twenty-four states west of the Mississippi River. How many states then are east of the Mississippi?
7. The three largest lakes in the world are the Caspian Sea, Lake Superior, and Lake Victoria. On which continent is each located?
8. What is the capital of the United States?

Daily Geography

Grade 5 – Week 3

Write complete sentences.

1. Locate the Gulf of Mexico on your map. Now write a definition of *gulf*.
2. Find an example of an area of land that is completely surrounded by water. What term is used to describe this type of land?
3. How many states are there in the United States?
4. What bodies of water connect Lake Ontario to the Atlantic Ocean?
5. What is a coast?
6. Including Louisiana and Minnesota there are twenty-four states west of the Mississippi River. How many states then are east of the Mississippi?
7. The three largest lakes in the world are the Caspian Sea, Lake Superior, and Lake Victoria. On which continent is each located?
8. What is the capital of the United States?

Daily Geography

Grade 5 – Week 4

Write complete sentences.

1. Name the African countries through which the Tropic of Cancer passes.
2. What is the capital of Missouri, a state admitted to the Union in 1821?
3. Which are the two continents that also fit the definition of an island?
4. Which three countries in South America have the equator passing through them?
5. Of the four oceans of the world, which is the largest in terms of area? The smallest?
6. Which continent has the fewest number of nations?
7. What is the capital of the New England state that has a large hook of land jutting out into the Atlantic Ocean?
8. How many continents does the equator cross? What are those continents in order of land area from largest to smallest?

Daily Geography

Grade 5 – Week 4

Write complete sentences.

1. Name the African countries through which the Tropic of Cancer passes.
2. What is the capital of Missouri, a state admitted to the Union in 1821?
3. Which are the two continents that also fit the definition of an island?
4. Which three countries in South America have the equator passing through them?
5. Of the four oceans of the world, which is the largest in terms of area? The smallest?
6. Which continent has the fewest number of nations?
7. What is the capital of the New England state that has a large hook of land jutting out into the Atlantic Ocean?
8. How many continents does the equator cross? What are those continents in order of land area from largest to smallest?

Daily Geography
Grade 5 – Week 5
Write complete sentences.

1. Which continent is south of all other continents?
2. What is the capital of the state whose southwestern border is Colorado and eastern border is Iowa?
3. Is Central America part of the North or South American continent?
4. Which of these is the name of a country: Chicago, Los Angeles, Canada, and Miami?
5. What is the city, bordered on the west by the Mississippi River, that is the capital of Minnesota?
6. Which state is due north of Alabama?
7. What is the name of the country in which Chileans live?
8. What is the city, located on the Kansas River, that is the capital of Kansas?

Daily Geography
Grade 5 – Week 5
Write complete sentences.

1. Which continent is south of all other continents?
2. What is the capital of the state whose southwestern border is Colorado and eastern border is Iowa?
3. Is Central America part of the North or South American continent?
4. Which of these is the name of a country: Chicago, Los Angeles, Canada, and Miami?
5. What is the city, bordered on the west by the Mississippi River, that is the capital of Minnesota?
6. Which state is due north of Alabama?
7. What is the name of the country in which Chileans live?
8. What is the city, located on the Kansas River, that is the capital of Kansas?

Daily Geography
Grade 5 – Week 6
Write complete sentences.

1. What is the relationship between a country and a state?
2. Where do many rivers begin, or have their sources: in oceans, mountains, and/or lakes?
3. What is the difference between a bay and a peninsula?
4. What is the capital of Indiana, a state that joined the Union in 1816?
5. How many of the fifty states are on the North American continent?
6. Is there more water of land on the Earth?
7. What is the only ocean through which the equator does not pass?
8. Name the three continents that are located mainly between the equator and the North Pole.

Daily Geography
Grade 5 – Week 6
Write complete sentences.

1. What is the relationship between a country and a state?
2. Where do many rivers begin, or have their sources: in oceans, mountains, and/or lakes?
3. What is the difference between a bay and a peninsula?
4. What is the capital of Indiana, a state that joined the Union in 1816?
5. How many of the fifty states are on the North American continent?
6. Is there more water of land on the Earth?
7. What is the only ocean through which the equator does not pass?
8. Name the three continents that are located mainly between the equator and the North Pole.

Daily Geography
Grade 5 – Week 7
Write complete sentences.

1. What is the capital of Illinois, the state known as the land of Lincoln?
2. Is South America north or south of the Tropic of Cancer?
3. Name the longest mountain range in the United States.
4. Which continent is farther north, North America or Africa?
5. In what state is Mount McKinley, elevation 20,320 feet, located?
6. If you didn't understand a symbol on a map, where would you look?
7. Are there more mountains east or west of the Mississippi River?
8. What is the capital of Iowa, the state known as Hawkeye State?

Daily Geography
Grade 5 – Week 7
Write complete sentences.

1. What is the capital of Illinois, the state known as the land of Lincoln?
2. Is South America north or south of the Tropic of Cancer?
3. Name the longest mountain range in the United States.
4. Which continent is farther north, North America or Africa?
5. In what state is Mount McKinley, elevation 20,320 feet, located?
6. If you didn't understand a symbol on a map, where would you look?
7. Are there more mountains east or west of the Mississippi River?
8. What is the capital of Iowa, the state known as Hawkeye State?

Daily Geography
Grade 5 – Week 8

Write complete sentences.

1. In general, what does a physical map show that a political map doesn't?
2. Harrisburg is the capital of what state?
3. Which has no land under it, the North or South Pole?
4. Are you closer to the equator in northern Argentina or southern Spain?
5. What is the capital of the state whose neighbors include Minnesota, Iowa, Illinois, and Michigan?
6. Are all places along the equator very warm? Why or why not?
7. The Denmark Strait separates what two large islands?
8. Which of the following is not a state: New Jersey, Montana, Los Angeles, or Rhode Island?

Daily Geography
Grade 5 – Week 8

Write complete sentences.

1. In general, what does a physical map show that a political map doesn't?
2. Harrisburg is the capital of what state?
3. Which has no land under it, the North or South Pole?
4. Are you closer to the equator in northern Argentina or southern Spain?
5. What is the capital of the state whose neighbors include Minnesota, Iowa, Illinois, and Michigan?
6. Are all places along the equator very warm? Why or why not?
7. The Denmark Strait separates what two large islands?
8. Which of the following is not a state: New Jersey, Montana, Los Angeles, or Rhode Island?

Daily Geography
Grade 5 – Week 9
Write complete sentences.

1. What is the capital of Alaska, the only state that touches two oceans?
2. What does a map's scale show?
3. As you get _____ to the equator, temperatures usually get _____.
4. Which ocean borders Russia to the north?
5. What are the names of the five Great Lakes?
6. What is the capital of Washington, the state in which the Grand Coulee Dam is located?
7. Which two oceans meet at the southern tip of South America?
8. Which hemisphere has more land, the Eastern or Western?

Daily Geography
Grade 5 – Week 9
Write complete sentences.

1. What is the capital of Alaska, the only state that touches two oceans?
2. What does a map's scale show?
3. As you get _____ to the equator, temperatures usually get _____.
4. Which ocean borders Russia to the north?
5. What are the names of the five Great Lakes?
6. What is the capital of Washington, the state in which the Grand Coulee Dam is located?
7. Which two oceans meet at the southern tip of South America?
8. Which hemisphere has more land, the Eastern or Western?

Daily Geography
Grade 5 – Week 10

Write complete sentences.

1. What is the capital of Louisiana? The city's name comes from the French words for "red stick."
2. What is the only city in the United States that is not in a state?
3. Which continents are in the Northern Hemisphere?
4. How many of the Great Lakes border Canada?
5. The Mediterranean Sea touches which three continents?
6. What part of the Earth is covered with water: $\frac{1}{4}$, $\frac{1}{2}$, or $\frac{3}{4}$?
7. What is the city, located on the Missouri River, which is the capital of North Dakota?
8. Which two continents are located entirely within the Southern Hemisphere?

Daily Geography
Grade 5 – Week 10

Write complete sentences.

1. What is the capital of Louisiana? The city's name comes from the French words for "red stick."
2. What is the only city in the United States that is not in a state?
3. Which continents are in the Northern Hemisphere?
4. How many of the Great Lakes border Canada?
5. The Mediterranean Sea touches which three continents?
6. What part of the Earth is covered with water: $\frac{1}{4}$, $\frac{1}{2}$, or $\frac{3}{4}$?
7. What is the city, located on the Missouri River, which is the capital of North Dakota?
8. Which two continents are located entirely within the Southern Hemisphere?

Daily Geography
Grade 5 – Week 11
Write complete sentences.

1. Which state has the longest coastline on the Atlantic Ocean?
2. What is the capital of Ohio, the state that is the birthplace of seven presidents of the United States?
3. Which ocean contains many icebergs?
4. Through which country in the Western Hemisphere does the Tropic of Cancer Pass?
5. Which pole is located on a continent?
6. Which states border the Pacific Ocean?
7. Which continents are in both the Eastern and Southern Hemispheres?
8. What do black dots on a map usually represent?

Daily Geography
Grade 5 – Week 11
Write complete sentences.

1. Which state has the longest coastline on the Atlantic Ocean?
2. What is the capital of Ohio, the state that is the birthplace of seven presidents of the United States?
3. Which ocean contains many icebergs?
4. Through which country in the Western Hemisphere does the Tropic of Cancer Pass?
5. Which pole is located on a continent?
6. Which states border the Pacific Ocean?
7. Which continents are in both the Eastern and Southern Hemispheres?
8. What do black dots on a map usually represent?

Daily Geography
Grade 5 – Week 12
Write complete sentences.

1. Carson City is to Nevada as _____ is to Vermont.
2. Find the country in Central America that is not on the Caribbean Sea.
3. Is Hawaii considered an island state or a peninsula?
4. Which two countries in South America are landlocked?
5. What is the capital of New Hampshire, the state that cast the deciding vote to ratify the Constitution?
6. Through which continent do the Equator, Prime Meridian, and the Tropics of Capricorn and Cancer pass?
7. What is the symbol usually found next to Washington, D.C.? What does it mean?
8. The Pacific Ocean touches all continents except which two?

Daily Geography
Grade 5 – Week 12
Write complete sentences.

1. Carson City is to Nevada as _____ is to Vermont.
2. Find the country in Central America that is not on the Caribbean Sea.
3. Is Hawaii considered an island state or a peninsula?
4. Which two countries in South America are landlocked?
5. What is the capital of New Hampshire, the state that cast the deciding vote to ratify the Constitution?
6. Through which continent do the Equator, Prime Meridian, and the Tropics of Capricorn and Cancer pass?
7. What is the symbol usually found next to Washington, D.C.? What does it mean?
8. The Pacific Ocean touches all continents except which two?

Daily Geography
Grade 5 – Week 13
Write complete sentences.

1. What is the only state that touches four of the five Great Lakes?
2. The largest island in the world, located near Canada, is called_____.
3. What is the name of the large sea off the western coast of Alaska?
4. What is the capital of Rhode Island, the state with the smallest land area in the United States?
5. Which gulf is off the southern coast of the United States?
6. To which continent does Israel belong?
7. What body of water borders Turkey, Greece, and Italy?
8. Which country has the warmest climate year round, Switzerland or Sudan? Why?

Daily Geography
Grade 5 – Week 13
Write complete sentences.

1. What is the only state that touches four of the five Great Lakes?
2. The largest island in the world, located near Canada, is called_____.
3. What is the name of the large sea off the western coast of Alaska?
4. What is the capital of Rhode Island, the state with the smallest land area in the United States?
5. Which gulf is off the southern coast of the United States?
6. To which continent does Israel belong?
7. What body of water borders Turkey, Greece, and Italy?
8. Which country has the warmest climate year round, Switzerland or Sudan? Why?

Daily Geography
Grade 5 – Week 14
Write complete sentences.

1. How many countries are in Central America?
2. Is Australia a continent or an island?
3. Sacramento is the capital of which state?
4. Which ocean is off the east coast of the United States?
5. What large mountain range is found north of India?
6. Through which hemispheres does the Tropic of Cancer pass?
7. Where is the mouth of the Nile River located?
8. If you traveled from the capital of Arizona to the capital of California, in what direction would you have gone?

Daily Geography
Grade 5 – Week 14
Write complete sentences.

1. How many countries are in Central America?
2. Is Australia a continent or an island?
3. Sacramento is the capital of which state?
4. Which ocean is off the east coast of the United States?
5. What large mountain range is found north of India?
6. Through which hemispheres does the Tropic of Cancer pass?
7. Where is the mouth of the Nile River located?
8. If you traveled from the capital of Arizona to the capital of California, in what direction would you have gone?

Daily Geography
Grade 5 – Week 15

Write complete sentences.

1. Does the Tropic of Cancer pass through any South American countries?
2. Name a strait in the southern part of South America.
3. Name two peninsulas found in Mexico.
4. Name the island nation southeast of India.
5. Is the Tropic of Capricorn in the Northern Hemisphere or the Southern Hemisphere?
6. Which country, located to the southeast of Australia, is made up mainly of two islands?
7. What is the definition of *hemisphere*?
8. Name the countries in Africa through which the Equator passes.

Daily Geography
Grade 5 – Week 15

Write complete sentences.

1. Does the Tropic of Cancer pass through any South American countries?
2. Name a strait in the southern part of South America.
3. Name two peninsulas found in Mexico.
4. Name the island nation southeast of India.
5. Is the Tropic of Capricorn in the Northern Hemisphere or the Southern Hemisphere?
6. Which country, located to the southeast of Australia, is made up mainly of two islands?
7. What is the definition of *hemisphere*?
8. Name the countries in Africa through which the Equator passes.

Daily Geography
Grade 5 – Week 16
Write complete sentences.

1. Hispaniola is an island in the West Indies (Caribbean Sea) that contains two separate countries. Name those two countries.
2. If you were visiting Arizona, would you most likely see a cape, a desert, or an icecap?
3. Is the source of the Mississippi River the Gulf of Mexico or a lake in northern Minnesota?
4. If you traveled from Amarillo, Texas, to El Paso, Texas, in what direction would you have gone?
5. Of the five oceans, which is the smallest?
6. What is the name of a large city in southwest Tennessee?
7. What is the capital of West Virginia?
8. Which continent is almost entirely in the Northern and Western Hemispheres?

Daily Geography
Grade 5 – Week 16
Write complete sentences.

1. Hispaniola is an island in the West Indies (Caribbean Sea) that contains two separate countries. Name those two countries.
2. If you were visiting Arizona, would you most likely see a cape, a desert, or an icecap?
3. Is the source of the Mississippi River the Gulf of Mexico or a lake in northern Minnesota?
4. If you traveled from Amarillo, Texas, to El Paso, Texas, in what direction would you have gone?
5. Of the five oceans, which is the smallest?
6. What is the name of a large city in southwest Tennessee?
7. What is the capital of West Virginia?
8. Which continent is almost entirely in the Northern and Western Hemispheres?

Daily Geography
Grade 5 – Week 17
Write complete sentences.

1. What South American country has the largest land area?
2. Name three states with a panhandle.
3. Which is larger, the Mediterranean or the North Sea?
4. What state is bordered by only one other state?
5. What sea surrounds Jamaica?
6. What states border Illinois?
7. What is the capital of Michigan?
8. If you traveled northeast from Arkansas, would you probably pass through Colorado, Iowa, or Kentucky?

Daily Geography
Grade 5 – Week 17
Write complete sentences.

1. What South American country has the largest land area?
2. Name three states with a panhandle.
3. Which is larger, the Mediterranean or the North Sea?
4. What state is bordered by only one other state?
5. What sea surrounds Jamaica?
6. What states border Illinois?
7. What is the capital of Michigan?
8. If you traveled northeast from Arkansas, would you probably pass through Colorado, Iowa, or Kentucky?

Daily Geography
Grade 5 – Week 18
Write complete sentences.

1. Which city is farther south: Phoenix, Arizona, or Austin, Texas?
2. Which state is divided in two by a lake?
3. About how far is the capital of Maryland from the capital of Delaware in a straight line distance: 55-60 miles, 80-120 miles, or 100-200 miles?
4. Name the strait that separates North America from Asia.
5. The Grand Canyon is in the northwest part of Arizona. Which large river passes through it?
6. Name the island group southeast of Florida that is a popular tourist attraction.
7. Which city is farther east, Miami, Florida, or Augusta Maine?
8. Is the distance from Denver, Colorado, to Santa Fe, New Mexico, closer to 300, 500, or 800 miles?

Daily Geography
Grade 5 – Week 18
Write complete sentences.

1. Which city is farther south: Phoenix, Arizona, or Austin, Texas?
2. Which state is divided in two by a lake?
3. About how far is the capital of Maryland from the capital of Delaware in a straight line distance: 55-60 miles, 80-120 miles, or 100-200 miles?
4. Name the strait that separates North America from Asia.
5. The Grand Canyon is in the northwest part of Arizona. Which large river passes through it?
6. Name the island group southeast of Florida that is a popular tourist attraction.
7. Which city is farther east, Miami, Florida, or Augusta Maine?
8. Is the distance from Denver, Colorado, to Santa Fe, New Mexico, closer to 300, 500, or 800 miles?

Daily Geography
Grade 5 – Week 19
Write complete sentences.

1. San Diego, California, is in what part of California?
2. How many symbols for capital cities are there on a map of the United States?
3. In what part of Missouri is its capital city located?
4. What country borders Mexico to the north and what two countries border it to the south?
5. What direction is the capital of Texas from the capital of Oklahoma?
6. What is a bay?
7. If you could travel only 500 miles a day, what would be the farthest city you could reach in one day if you were in Chicago, Illinois: Dallas, Texas; St. Louis, Missouri; or Lincoln, Nebraska?
8. Is Minneapolis or St. Paul the capital of Minnesota? Why might people be confused about this?

Daily Geography
Grade 5 – Week 19
Write complete sentences.

1. San Diego, California, is in what part of California?
2. How many symbols for capital cities are there on a map of the United States?
3. In what part of Missouri is its capital city located?
4. What country borders Mexico to the north and what two countries border it to the south?
5. What direction is the capital of Texas from the capital of Oklahoma?
6. What is a bay?
7. If you could travel only 500 miles a day, what would be the farthest city you could reach in one day if you were in Chicago, Illinois: Dallas, Texas; St. Louis, Missouri; or Lincoln, Nebraska?
8. Is Minneapolis or St. Paul the capital of Minnesota? Why might people be confused about this?

Daily Geography
Grade 5 – Week 20
Write complete sentences.

1. The Panama Canal connects what two bodies of water?
2. What group of small islands forms the long tail of Alaska?
3. Which continent has the larger land area, South America or Africa?
4. Which capital city in South America is not on a coast: Caracas, Georgetown, or Santiago?
5. The Arctic Ocean touches what three continents?
6. What body of water separates the tiny finger of western Mexico from mainland Mexico?
7. What part of a map will usually tell you about direction?
8. What is the capital of Honduras?

Daily Geography
Grade 5 – Week 20
Write complete sentences.

1. The Panama Canal connects what two bodies of water?
2. What group of small islands forms the long tail of Alaska?
3. Which continent has the larger land area, South America or Africa?
4. Which capital city in South America is not on a coast: Caracas, Georgetown, or Santiago?
5. The Arctic Ocean touches what three continents?
6. What body of water separates the tiny finger of western Mexico from mainland Mexico?
7. What part of a map will usually tell you about direction?
8. What is the capital of Honduras?

Daily Geography
Grade 5 – Week 21
Write complete sentences.

1. If you were in Savannah, Georgia, on what coast would you be located?
2. Name a large bay between Nova Scotia and New Brunswick in Canada.
3. Bolivia, a country in South America, has two capital cities. What are their names?
4. Is Springfield, Illinois, located on a bay? How do you know for sure?
5. Is the capital of Alaska east or west of the capital of Hawaii?
6. What part of the United States is more mountainous, eastern or western?
7. Name the gulf that is just south of Alaska.
8. What country controls the island of Greenland?

Daily Geography
Grade 5 – Week 21
Write complete sentences.

1. If you were in Savannah, Georgia, on what coast would you be located?
2. Name a large bay between Nova Scotia and New Brunswick in Canada.
3. Bolivia, a country in South America, has two capital cities. What are their names?
4. Is Springfield, Illinois, located on a bay? How do you know for sure?
5. Is the capital of Alaska east or west of the capital of Hawaii?
6. What part of the United States is more mountainous, eastern or western?
7. Name the gulf that is just south of Alaska.
8. What country controls the island of Greenland?

Daily Geography
Grade 5 – Week 22
Write complete sentences.

1. How many states in the United States border the Gulf of Mexico? List them.
2. Through which state does the Arctic Circle pass?
3. What ocean would you have to cross if you wanted to travel from Eastern Africa to India?
4. On what island do you find the capital of Hawaii?
5. About half of Canada's coastlines are on what ocean?
6. What is the capital of Nevada?
7. Which state would probably have the warmest temperatures year round, Missouri or Mississippi? Why?
8. In what hemisphere can you find the Rock of Gibraltar, the Northern or Southern?

Daily Geography
Grade 5 – Week 22
Write complete sentences.

1. How many states in the United States border the Gulf of Mexico? List them.
2. Through which state does the Arctic Circle pass?
3. What ocean would you have to cross if you wanted to travel from Eastern Africa to India?
4. On what island do you find the capital of Hawaii?
5. About half of Canada's coastlines are on what ocean?
6. What is the capital of Nevada?
7. Which state would probably have the warmest temperatures year round, Missouri or Mississippi? Why?
8. In what hemisphere can you find the Rock of Gibraltar, the Northern or Southern?

Daily Geography
Grade 5 – Week 23
Write complete sentences.

1. What state has a capital city named Montpelier?
2. Is Columbus, Ohio, farther from Indianapolis, Indiana, or Harrisburg, Pennsylvania?
3. Locate a large lake in Utah. What is its name?
4. What is the capital of Montana, the state where Glacier National Park is located?
5. Which is farther, New York to Portugal or Venezuela to Portugal?
6. Locate and name a large lake that forms part of Kenya's borders.
7. What is the capital of the state that has a border with California and Nevada and a coastline on the Pacific?
8. What large country borders France to the south?

Daily Geography
Grade 5 – Week 23
Write complete sentences.

1. What state has a capital city named Montpelier?
2. Is Columbus, Ohio, farther from Indianapolis, Indiana, or Harrisburg, Pennsylvania?
3. Locate a large lake in Utah. What is its name?
4. What is the capital of Montana, the state where Glacier National Park is located?
5. Which is farther, New York to Portugal or Venezuela to Portugal?
6. Locate and name a large lake that forms part of Kenya's borders.
7. What is the capital of the state that has a border with California and Nevada and a coastline on the Pacific?
8. What large country borders France to the south?

Daily Geography
Grade 5 – Week 24
Write complete sentences.

1. Boise is the capital of which state?
2. In which direction would you have gone if you traveled from Madison, Wisconsin, to Bismarck, North Dakota?
3. Name two of the three large gulfs that are close to the United States.
4. Which two states have cities named Kansas City?
5. On which continent is Lebanon found?
6. What country does Alaska border to the east?
7. Is the capital of Minnesota located to the west or east of the Mississippi River?
8. Name the capital of Massachusetts. Is it located on a coast?

Daily Geography
Grade 5 – Week 24
Write complete sentences.

1. Boise is the capital of which state?
2. In which direction would you have gone if you traveled from Madison, Wisconsin, to Bismarck, North Dakota?
3. Name two of the three large gulfs that are close to the United States.
4. Which two states have cities named Kansas City?
5. On which continent is Lebanon found?
6. What country does Alaska border to the east?
7. Is the capital of Minnesota located to the west or east of the Mississippi River?
8. Name the capital of Massachusetts. Is it located on a coast?

Daily Geography
Grade 5 – Week 25
Write complete sentences.

1. If a map scale shows that 1 inch equals 400 miles, what would 2 ½ inches equal?
2. What is the capital of the only state that is outside of the North American continent and that is also the southernmost state?
3. What country controls the Falkland Islands off the coast of South America?
4. What is the capital of Alabama?
5. What large bay is located north of Lake Superior in Canada?
6. What is an isthmus?
7. Which hemisphere has more water, the Southern or Northern?
8. The Atlantic Ocean touches what five continents?

Daily Geography
Grade 5 – Week 25
Write complete sentences.

1. If a map scale shows that 1 inch equals 400 miles, what would 2 ½ inches equal?
2. What is the capital of the only state that is outside of the North American continent and that is also the southernmost state?
3. What country controls the Falkland Islands off the coast of South America?
4. What is the capital of Alabama?
5. What large bay is located north of Lake Superior in Canada?
6. What is an isthmus?
7. Which hemisphere has more water, the Southern or Northern?
8. The Atlantic Ocean touches what five continents?

Daily Geography
Grade 5 – Week 26

Write complete sentences.

1. The needle on a compass always points to what pole?
2. What is the capital of the state whose neighbors are Colorado, Wyoming, Idaho, Nevada, and Arizona?
3. Name a large bay found between Maryland and Virginia.
4. In which direction would you be headed if you were going from the South Pole to Australia?
5. If you wanted to find how far an inch on a map represented in actual distance, where would you look?
6. Is the capital of Nebraska in a mountain range? If so, which one?
7. What state has higher elevations, Arizona or Louisiana?
8. Through which three continents does the Tropic of Cancer pass?

Daily Geography
Grade 5 – Week 26

Write complete sentences.

1. The needle on a compass always points to what pole?
2. What is the capital of the state whose neighbors are Colorado, Wyoming, Idaho, Nevada, and Arizona?
3. Name a large bay found between Maryland and Virginia.
4. In which direction would you be headed if you were going from the South Pole to Australia?

6. Many times a map scale will show distances in both miles and _____.
7. Which southeastern state has a capital named Richmond?
8. Which one of the Great Lakes is entirely in the United States?

Daily Geography
Grade 5 – Week 28
Write complete sentences.

1. Is South Africa east or west of Australia?
2. If you are drawing a map in which the scale is 1 inch equals 2 miles, how many inches would it take to show 12 miles?
3. Jackson is to Mississippi as _____ is to Kentucky.
4. Is Europe east or west of North America?
5. Look at a map of Europe and Asia. What mountain range separates Europe from Asia?
6. Which of the following locations does not fit: Columbus, Ohio; Sacramento, California; Billings, Montana; Albany, New York?
7. What major city in northern California is located on a peninsula?
8. Which has a higher elevation, Greenland or Australia?

Daily Geography
Grade 5 – Week 28
Write complete sentences.

1. Is South Africa east or west of Australia?
2. If you are drawing a map in which the scale is 1 inch equals 2 miles, how many inches would it take to show 12 miles?
3. Jackson is to Mississippi as _____ is to Kentucky.
4. Is Europe east or west of North America?
5. Look at a map of Europe and Asia. What mountain range separates Europe from Asia?
6. Which of the following locations does not fit: Columbus, Ohio; Sacramento, California; Billings, Montana; Albany, New York?
7. What major city in northern California is located on a peninsula?
8. Which has a higher elevation, Greenland or Australia?

Daily Geography
Grade 5 – Week 29

Write complete sentences.

1. What is the capital of the state whose neighbors are Canada, Maine, Vermont, and Massachusetts?
2. The many islands that stretch from Florida to Venezuela are referred to as the_____.
3. Most continents are divided into countries, and countries are often divided into states. How are some of the states in the United States then divided?
4. What is the difference between a strait and an isthmus?
5. What is the longest north-south river in the United States?
6. Name the capital of South Dakota.
7. What direction is Spain from France?
8. Is the state of Hawaii north or south of the equator?

Daily Geography
Grade 5 – Week 29

Write complete sentences.

1. What is the capital of the state whose neighbors are Canada, Maine, Vermont, and Massachusetts?
2. The many islands that stretch from Florida to Venezuela are referred to as the_____.
3. Most continents are divided into countries, and countries are often divided into states. How are some of the states in the United States then divided?
4. What is the difference between a strait and an isthmus?
5. What is the longest north-south river in the United States?
6. Name the capital of South Dakota.
7. What direction is Spain from France?
8. Is the state of Hawaii north or south of the equator?

Daily Geography
Grade 5 – Week 30
Write complete sentences.

1. Find Alaska on a map. What part of the state has a peninsula, north or south?
2. What tributary flows into the Mississippi River where Illinois, Kentucky, and Missouri meet?
3. Name the capital of Nevada. In what part of the state is this city located?
4. At what point does North America end and South America begin?
5. What direction is South America from Antarctica?
6. The Pyrenees Mountains separate what two European countries?
7. Lake Michigan is in what direction from Chicago, Illinois?
8. What is the capital of Iowa?

Daily Geography
Grade 5 – Week 30
Write complete sentences.

1. Find Alaska on a map. What part of the state has a peninsula, north or south?
2. What tributary flows into the Mississippi River where Illinois, Kentucky, and Missouri meet?
3. Name the capital of Nevada. In what part of the state is this city located?
4. At what point does North America end and South America begin?
5. What direction is South America from Antarctica?
6. The Pyrenees Mountains separate what two European countries?
7. Lake Michigan is in what direction from Chicago, Illinois?
8. What is the capital of Iowa?

Daily Geography
Grade 5 – Week 31
Write complete sentences.

1. Which is larger, the Gulf of California or the Gulf of Mexico?
2. Name the tributary that flows into the Mississippi River due north of St. Louis.
3. What is the difference between an island and a peninsula?
4. Does Panama fit the definition of an isthmus? Why or why not?
5. Can you travel the whole length of the United States on the Mississippi River? Why or why not?
6. In general, which has higher elevations, Alaska or Florida?
7. If you were an avid lake fisher, would you go to Minnesota, Kansas, or Kentucky for you vacation and why?
8. What is the capital of Utah, the state that contains the largest natural lake west of the Mississippi River?

Daily Geography
Grade 5 – Week 31
Write complete sentences.

1. Which is larger, the Gulf of California or the Gulf of Mexico?
2. Name the tributary that flows into the Mississippi River due north of St. Louis.
3. What is the difference between an island and a peninsula?
4. Does Panama fit the definition of an isthmus? Why or why not?
5. Can you travel the whole length of the United States on the Mississippi River? Why or why not?
6. In general, which has higher elevations, Alaska or Florida?
7. If you were an avid lake fisher, would you go to Minnesota, Kansas, or Kentucky for you vacation and why?
8. What is the capital of Utah, the state that contains the largest natural lake west of the Mississippi River?

Daily Geography
Grade 5 – Week 32
Write complete sentences.

1. What do Buffalo, New York; Cleveland, Ohio; and Erie, Pennsylvania, all have in common?
2. North Carolina is to South Carolina as _____ is to South Dakota.
3. It is approximately 110 miles from Milwaukee, Wisconsin, to Grand Rapids, Michigan. Why will it take you almost four hours to get from one city to another by car?
4. Which continent has more countries, South America or Africa?
5. Name a major river that flows through the state of Kansas.
6. Georgia is to Atlanta as Rhode Island is to _____.
7. Name two of the three states that could be considered peninsulas.
8. Where would you most likely go to spend your holiday downhill skiing: Missouri, Colorado, or Texas? Why?

Daily Geography
Grade 5 – Week 32
Write complete sentences.

1. What do Buffalo, New York; Cleveland, Ohio; and Erie, Pennsylvania, all have in common?

3. It is approximately 110 miles from Milwaukee, Wisconsin, to Grand Rapids, Michigan. Why will it take you almost four hours to get from one city to another by car?
4. Which continent has more countries, South America or Africa?
5. Name a major river that flows through the state of Kansas.
6. Georgia is to Atlanta as Rhode Island is to _____.
7. Name two of the three states that could be considered peninsulas.
8. Where would you most likely go to spend your holiday downhill skiing: Missouri, Colorado, or Texas? Why?

Daily Geography
Grade 5 – Week 33
Write complete sentences.

1. What river flows along the border of Washington and Oregon?
2. What do the countries of Canada, United States, and Mexico have in common?
3. Name the major river that flows from Utah into Arizona.
4. What states border Alabama?
5. If a map shows the straight-line distance between two cities as 3 ½ centimeters, and the map scale shows that 1 centimeter equals 100 kilometers, what would the actual distance be?
6. On which continent is Israel found?
7. What is the body of water that is part of the Atlantic Ocean between Great Britain and the continent of Europe?
8. Look at a physical map. What part of the United States has the fewest mountains: west, east or south?

Daily Geography
Grade 5 – Week 33
Write complete sentences.

1. What river flows along the border of Washington and Oregon?
2. What do the countries of Canada, United States, and Mexico have in common?
3. Name the major river that flows from Utah into Arizona.
4. What states border Alabama?
5. If a map shows the straight-line distance between two cities as 3 ½ centimeters, and the map scale shows that 1 centimeter equals 100 kilometers, what would the actual distance be?
6. On which continent is Israel found?
7. What is the body of water that is part of the Atlantic Ocean between Great Britain and the continent of Europe?
8. Look at a physical map. What part of the United States has the fewest mountains: west, east or south?

Daily Geography
Grade 5 – Week 34

Write complete sentences.

1. Brazil is to South America as _____ is to North America.
2. Which mountains form the western coast of South America?
3. In general, are states in the western part of the United States larger or smaller in area than states in the eastern part?
4. What body of water separates mainland Greece from Turkey?
5. What animal would probably live closer to Antarctica, the cape buffalo or southern Africa or the wallaby of southern Australia?
6. What do California, Chile, and El Salvador have in common?
7. Which is a coastal city: St. Louis, Missouri; Columbus, Ohio; Charleston, South Carolina; or Sacramento, California?
8. Is a plateau higher or lower than a coastal plain?

Daily Geography
Grade 5 – Week 34

Write complete sentences.

1. Brazil is to South America as _____ is to North America.
2. Which mountains form the western coast of South America?
3. In general, are states in the western part of the United States larger or smaller in area than states in the eastern part?
4. What body of water separates mainland Greece from Turkey?
5. What animal would probably live closer to Antarctica, the cape buffalo or southern Africa or the wallaby of southern Australia?
6. What do California, Chile, and El Salvador have in common?
7. Which is a coastal city: St. Louis, Missouri; Columbus, Ohio; Charleston, South Carolina; or Sacramento, California?
8. Is a plateau higher or lower than a coastal plain?

Daily Geography
Grade 5 – Week 35
Write complete sentences.

1. What state has a capital named Harrisburg?
2. Arrange these states according to their land areas, smallest to largest: Texas, Delaware, Alaska, and South Carolina.
3. What is the capital of Washington, the only state named for one of the presidents of the United States?
4. What strait separates Asia from North America?
5. Is Lake Okeechobee, the largest lake in Florida, in northern or southern Florida?
6. Which three states have a land border with Canada and also border the Atlantic Ocean?
7. What river, located in eastern Africa, is the longest in the world?
8. What states border Florida?

Daily Geography
Grade 5 – Week 35
Write complete sentences.

1. What state has a capital named Harrisburg?
2. Arrange these states according to their land areas, smallest to largest: Texas, Delaware, Alaska, and South Carolina.
3. What is the capital of Washington, the only state named for one of the presidents of the United States?
4. What strait separates Asia from North America?
5. Is Lake Okeechobee, the largest lake in Florida, in northern or southern Florida?
6. Which three states have a land border with Canada and also border the Atlantic Ocean?
7. What river, located in eastern Africa, is the longest in the world?
8. What states border Florida?

Daily Geography
Grade 5 – Week 36

Write complete sentences.

9. The following four countries are among those with the largest land areas in the world: (1) Russia (2) Canada (3) China (4) United States. On what continent(s) are they located?
10. Kentucky is to Tennessee as Colorado is to _____.
11. Which states in the United States have a land border with another country? (Include states in which the border or part of the border is a river.)
12. What are the only two countries in South America that are landlocked?
13. Is Albany, New York, on a coast? Why or why not?
14. Fill in a compass rose showing the direction southeast.
15. What large island in the West Indies is a commonwealth in free association with the United States?
16. What do Chicago, Illinois; Gary, Indiana; and Hammond, Indiana, all have in common?

Daily Geography
Grade 5 – Week 36

Write complete sentences.

1. The following four countries are among those with the largest land areas in the world: (1) Russia (2) Canada (3) China (4) United States. On what continent(s) are they located?
2. Kentucky is to Tennessee as Colorado is to _____.
3. Which states in the United States have a land border with another country? (Include states in which the border or part of the border is a river.)
4. What are the only two countries in South America that are landlocked?
5. Is Albany, New York, on a coast? Why or why not?
6. Fill in a compass rose showing the direction southeast.
7. What large island in the West Indies is a commonwealth in free association with the United States?
8. What do Chicago, Illinois; Gary, Indiana; and Hammond, Indiana, all have in common?
